PAST EXPORTECH™ PARTICIPANTS ARE SAYING

"You can't put a price on the value of this program - the contacts, the resources, and the knowledge I gained saved us tons of time and tens of thousands of dollars."

Barbara Biller, IntelliTech, Inc.

"The ExporTech™ Program was very insightful and helped to grow Osagian Canoes to the next level. One thing I learned, and had not thought about before, is that through exporting there is a way to sell year round to countries being located in the Southern Hemisphere. Also, with all the resources available to help small businesses, no one is too small to export."

John Carr, Osagian Canoes

"ExporTech™ is a great resource for any company considering expansion into foreign markets."

Ryan Pendleton, Beckwood Press Co.

WHAT ARE THE BENEFITS OF PARTICIPATING?

Companies that have gone through the ExporTech™ program report significant impacts to their bottom lines:

- The average participants **increases sales by nearly \$170,000**
- Many companies **generate export sales within 3-6 months** of completing the program, and some have negotiated sales before the program's final session
- The average participant reported **cost savings of \$34,000**
- The program **saves the average company over 120 hours of labor time** by navigating them through the international growth process.

All of these sales increases and cost savings yield an impressive ROI for participating companies. The estimated average **gain in operating margin is 10x the typical investment** of staff labor time and program fees.

EXPORTECH™

An Export Acceleration System for Achieving Profitable Growth

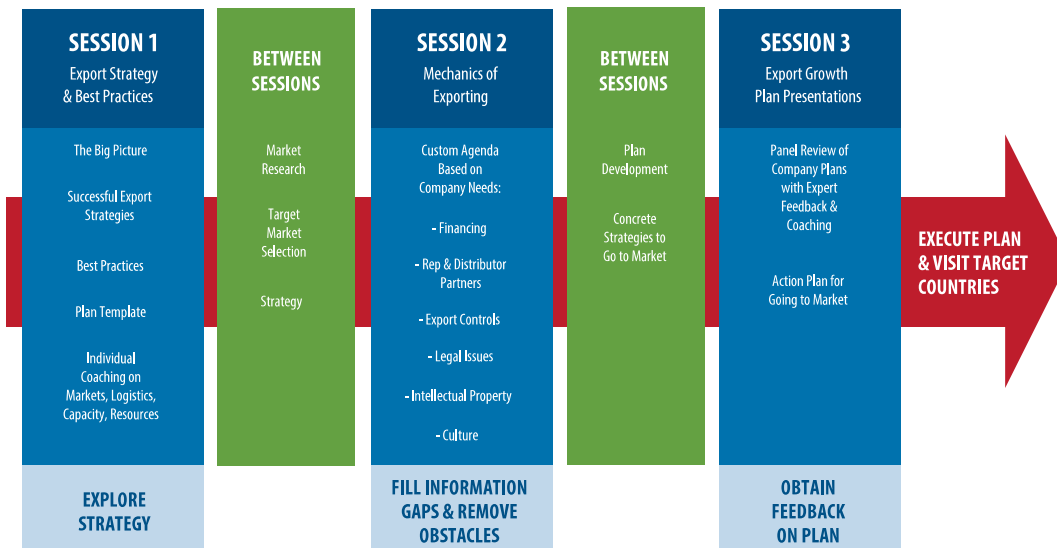

HOW DOES EXPORTECH™ WORK?

The ExporTech™ system has several hallmarks:

1. The process assists companies to develop a **simple, actionable international growth plan** - based on a series of carefully designed tools and templates.
2. We connect participants with a wide range of reputable international business experts who help them develop and execute their international growth plans. By bringing these resources together in one place, enormous efficiencies are created for participating companies as they navigate the export process.
3. The program involves a unique combination of **group work, individual work, and personal coaching**, that allows companies to extract information that is critical to their export success:
 - During group sessions, international business experts are selected based on the specific needs of the companies, to educate the group and provide one-on-one consultations.
 - Planning exercises and discussions are employed to help companies develop their customized plans, as well as learn from their peers.
 - In the final group session, **each company's plan will be reviewed and vetted by a panel of experienced international businesspeople**, to help them avoid costly mistakes and see new opportunities.
 - Each company is assigned an experienced coach to provide focused, one-on-one support in the development and execution of their plans.
 - Each 3-Session program is limited to eight companies, to allow the experts and coaches to give quality, personalized service and attention to each company.

WHAT IS REQUIRED?

Companies participate in three one-day group sessions scheduled over a three-month period. In between, each company works on the development and implementation of their international growth plan, with the support of a coach.

EXPORTECH™ IS HERE

The program was developed by two of the leading organizations that provide assistance to manufacturers - the Manufacturing Extension Partnership and the U.S. Export Assistance Centers of the U.S. Department of Commerce - and is offered in collaboration with numerous state trade offices, and other regional partners throughout the country.

By the end of the program every company will have developed their own international growth plan and accelerated their export sales process.
